

REQUEST FOR TEMPORARY VARIANCE

Name: _____

Address: _____

Phone Number: _____ Email: _____

The Covenants do not allow visible campers, trailers, and boats permanently parked in our development. This restriction includes both driveways and yards. The Board has agreed to grant a temporary variance to that restriction when properly requested. The Board prohibits placing any vehicle, camper, trailer, or boat in a yard at any time, even with a variance. An approved variance is valid for not more than three (3) consecutive days and not more than forty-five (45) days during the calendar year. This should provide enough time for cleaning, preparation, and loading. In addition, you may request two periods of seven (7) consecutive days per year for annual maintenance. These 7-day periods will require additional requests unless listed below. You may not place a visible camper, trailer, or boat in the development until you receive the official "Temporary Variance Approval" from the Board. This request requires annual renewal.

Purpose for Variance Request: (Boat, Camper, Utility Trailer, Other)

Requested dates for 7-day consecutive periods:

1. _____

2. _____

Signature: _____

This form complies with Article XIII, Section 13.01 of the Covenants. The Board has 14 days to respond.
